

How to Share Your Data with the Hi-Stat Social Science Database Network

After accepting your application, we will inform you of your user identification number and password by email. Please use the identification number and password to log in. The **Title**, **Scope of Study**, and **Contact** parts are required fields (*) and we strongly encourage you to fill in the **Methodology, Data Source** part.

Title*

Scope of Study*

Methodology, Data Source

Note

Provide information related to the data which you wish to share with the Hi-Stat Social Science Database Network. If the data are available on other websites, please provide web link(s).

Files

It is possible to upload data files (up to five files, with a maximum file size of 1MB per file) on our website. Please be aware that only MS Word, Excel, and PDF files can be uploaded. If you wish to upload a file with size more than 1MB, please contact the IER Library (hitstatdb@ier.hit-u.ac.jp).

Contact*

This is a contact person for questions about the data. Include the email address and/or phone number of the person. We strongly recommend you to enter an encoded e-mail address in order to prevent spam harvesting. "(For information on how to encode your email address, see the following website: <http://www.ohlone.edu/org/webcenter/emailencoding.html>)

Please provide details of your dataset by checking where appropriate.
