We will hold a one-day workshop featuring Michael Waldman (<https://economics.cornell.edu/michael-waldman>), the Charles H. Professor Waldman is widely recognized as a top researcher in applied microeconomic theory, where his main fields of interest are labor economics, organizational economics, and industrial organization.

This workshop focuses on the internal labor market, on which Professor Waldman wrote a chapter in the Handbook of Organizational Economics. Five papers will be presented, followed by Professor Waldman's keynote presentation and workshop dinner.
